

NO COPAYS FOR HEALTH PLAN OF MICHIGAN MEDICAID MEMBERS!

Recently, Michigan's Department of Community Health (DCH) announced the implementation of additional co-pays for Medicaid Recipients. These co-pays include doctor office visits, outpatient hospital visits, emergency room visits and inpatient hospital stays. These are in addition to the chiropractic, dental, hearing aid, pharmacy, podiatry and vision services copays already in place.

HEALTH PLAN OF MICHIGAN (HPM) IS NOT IMPLEMENTING THESE CO-PAYS FOR OUR MEDICAID MEMBERS.

HPM has made the decision to not implement the co-pays for our Medicaid members in cooperation with our provider partners.

If you should have any questions or concerns regarding the new co-pays, please feel free to contact Health Plan of Michigan's Provider Services Department at (888) 773-2647.

Respectfully,

Raymond D. Pitera
Director
Provider Services & Network Development
