

## HPM Benefits for Members with Heart Disease

In order to help you manage your health, Health Plan of Michigan pays for these items for members with Heart Disease:

- Office visits with your Primary Care Physician (PCP).
- Specialist visits with a referral from your PCP.
- Routine cardiovascular labs and tests, such as an LDL, EKG or Stress Test with an order from your doctor.
- Yearly flu shot.
- Pneumonia shot, if recommended by your doctor.
- Prescription drugs as ordered by your doctor.
- Nutritional education classes, with an order from your doctor.
- Stop Smoking program. Call the Michigan Tobacco Quit Line at 1-800-480-Quit.
- Transportation to and from your doctor's appointments. Contact Access2Care at 1-800-821-9369 at least five days before your appointment.
- Enrollment in the HPM Cardiovascular Disease Management program. Our program offers heart disease information, health reminders, newsletters and clinical support.

HPM wants to help you keep your Heart Disease under control. If you have any questions or need help, please call HPM Member Services at 1-888-437-0606 and ask to speak with the Disease Management Staff.
