Bulletin #: 07-0124
Date: July 11, 2007
Re: Diabetic Glucose Meters

Prodigy AutoCode

Health Plan of Michigan (HPM) and our exclusive diabetic supply company Great Lakes Medical Supply (GLMS) want to make it easier for our members to control their diabetes. Therefore, HPM is providing a **brand new Prodigy AutoCode Glucose Meter** for each of our diabetic members.

The Prodigy AutoCode Meter offers:

- Small blood sample size (0.6 microliter)
- No coding of test strips
- 6 second test time, with a 450 test memory
- Talking meter providing results in both English and Spanish
- Alternate site testing

HPM will only reimburse for the Prodigy AutoCode meter and test strips. HPM members will receive their new meter and testing supplies from GLMS in their regularly scheduled August 2007 shipment.

HPM will not reimburse for:

- Any other glucometer or testing supplies provided from any other Durable Medical Equipment Vendor or Pharmacy.

If an HPM member has questions or needs assistance, please instruct them to contact HPM Member Services at 1-888-437-0606. If the member needs help using their new Prodigy AutoCode meter, they should call GLMS directly at 1-800-774-0788.

If you have any questions, please contact your HPM Provider Services Representative.
