

HPM benefits for Pregnant Members

In order to help make your pregnancy a pleasurable experience, we are here to support you. HPM covers the following:

- Office visits with the OB/Gyn of your choice, in & out of network. Yes, we are willing to work with all Michigan Medicaid providers. We know it is not easy to find a doctor that makes you feel comfortable. So, when you find the right doctor for you, we don't want to interrupt your treatment. We will work with the doctor that you choose.
- Visits to a perinatologist or high risk OB doctors, if needed.
- OB ultrasounds are covered by HPM when your doctor wants you to have them to ensure he/she will give you the kind of care that you need.
- Prenatal vitamins and other supplements such as folic acid & iron pills are also covered by HPM. Please look at the Formulary to find a list of preferred prenatal vitamins that HPM covers.
- MIHP program is another service that HPM offers. The Maternal & Infant Health Program is a statewide program that helps mothers & infants with services and resources in your community to help you be the best mom you can be. MIHP helps with nutrition, medical, & social services.
- Pap test or pap smears are definitely covered and recommended by HPM.
- Quad screen test is usually given between the 15th & 18th week of pregnancy to check signs of neural tube defects, Downs Syndrome, and brain & spinal problems in the baby. This blood test is covered.
- Childbirth education classes are covered. For more information call Women & Children's Services 1-888-437-0606 ext 2007.
- Stop Smoking program. Call the Michigan Tobacco Quit Line at 1-800-480-Quit
- Transportation to and from your doctor's appointments are free. Contact Acces2Care at 1-800-821-9369, 5 days before your appointment.
- Please note: Fertility treatments & tests are NOT a covered benefit.
